SKILLS

Programming Languages: Python, C, JavaScript

Web Technologies: HTML, CSS

Database: SQL, DBMS

Tools: GitHub, VS Code, Canva

EDUCATION SKILLS

❖ **MIT Vishwaprayag University, Solapur.** Bachelor of Computer Applications (BCA) | 1st Year
CGPA : 9.21

❖ XII | **HSC** 80.67% | 2024

❖ X | **SSC** 85.60% | 2022

EXPERIENCE

Fresher

Currently building academic and real-world projects in programming, web development, and problem-solving.

ACADEMIC PROJECTS

Path2Learn Donation Management System

Full Stack Group Project

GitHub Link: <https://github.com/Mamta-Arali/Path2Learn.git>

- Developed a donation management platform to streamline educational resource contributions.
- Worked on frontend development and database integration.
- Improved accessibility and management of donated learning resources.

Emergency Room Triage System

Data Structures Project

GitHub Link: <https://github.com/anushka-mulik/emergency-room-triage-system.git>

- Designed a patient prioritization system using data structure concepts.
- Implemented queue-based logic for efficient emergency case handling.
- Focused on optimizing response flow and reducing waiting time.

Dynamic Pricing System

AI Project using MATLAB

- Built a dynamic pricing model using AI concepts and MATLAB.
- Analyzed changing market conditions to optimize pricing strategies.
- Explored data-driven decision-making techniques.

POSITION OF RESPONSIBILITY

Student Developer | MIT Vishwaprayag University

- Actively participating in technical and academic projects.
- Continuously improving development and problem-solving skills through practical implementation.

ACHIEVEMENTS / HOBBIES

- Maintained strong academic performance throughout school and college.
- Actively building real-world development projects during 1st year of BCA.
- Continuously improving programming and problem-solving skills.
- Interested in web development and AI-based applications.

CAREER OBJECTIVE

Motivated and detail-oriented BCA student with foundational knowledge in programming, web development, and data structures. Passionate about building real-world applications and continuously learning new technologies. Seeking internship opportunities to apply technical skills, gain industry exposure, and contribute effectively to innovative projects.
